## CIMS Hospital Presents

CIMS  
Learning  
Center

Sharing Knowledge  
Improving Lives

American College of  
Cardiology (ACC)

International  
Centers  
of Excellence

## MESSAGE FROM CHAIRMAN/PROGRAM DIRECTOR

Dr. Keyur Parikh  
Chairman

Dr. Satya Gupta  
Program Director

Care Institute of Medical Sciences (CIMS) is pleased to present the CIMS Learning Centre (CLC) Program for the year 2015-16.

Growth is driven by curiosity; curiosity is assuaged by knowledge. And knowledge is gained by continuing education.

At CIMS CLC, we recognize that teaching and practice go hand in hand. CLC is founded on that premise. To share what we learn and pursue bigger ideas.

In today's constantly evolving field of medicine, there is always new to learn. Rapid advances, newer breakthroughs and technological innovations require continuous updates to impact practices.

We do provide best medical facilities to our patients; but we also are driven by the need to learn and teach... to create a vast body of professionals highly committed to the pursuit of world-class healthcare with knowledge at their fingertips.

CLC is born of that need. A dream to create a Learning Centre par excellence, setting the highest standards of medical education.

CIMS Learning Centre Program offers continuing medical education opportunities for a variety of faculty and medical providers, including Physicians, Technologists, Researchers and Nurses.

From the last 21 years, we have been holding a continuous stream of workshops, CMEs, Fellowships and Annual conference JIC (hosting more than 2000 delegates) to uphold our academic endeavours.

CIMS hospital has been approved as American College of Cardiology (ACC) Centre of Excellence 2014-2015, the first & only one in India.

We welcome any queries for any of the scheduled education program.

## ABOUT CIMS

Care Institute of Medical Sciences (CIMS) is established itself as one of the finest multi-super specialty hospital of Western India to deliver the highest standards of nursing and medical care.

The physicians at CIMS hospital has excelled in teaching for the last 21 years. Within a short span of 5 years, CIMS has built a reputation for ethical medical care and has succeeded in setting highest standards of care.

Providing a wide spectrum of medical care, CIMS is a 200-bed hospital and is already poised for a major expansion with a newer expanded 200 addition to make it 400 bed hospital facility.

Equipped with world-class technology, CIMS has a sophisticated set-up of modular OTs, well-equipped ICUs, radial lounge, and other facilities. Offering world-class diagnostic, medical and surgical facilities, CIMS is a team work of medical, nursing, para medical and administration to take care of patient with Care, Courtesy, Compassion and Competency.

CIMS is a commitment to provide the right and excellent medical care to each patient who entrust their lives in its care.

### Vision

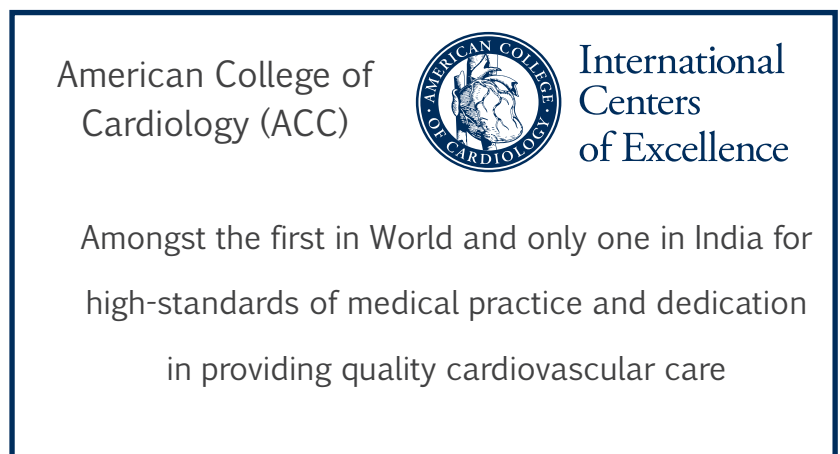

To be one of the most trusted hospital in India by providing personalized care for best patient experience

### Mission

To provide superior quality health **C**are using **I**nnovation to **M**anage and **S**ave lives.

### Values

- Patient's well-being: It will be our topmost priority
- To serve with smile
- Adopt and encourage ethical practices
- Provide a safe and comfortable working environment to employees and associates
- Embrace technology and innovation in the delivery of healthcare
- Provide socially responsible and safe healthcare
- Comply with all applicable laws and regulations

## CIMS LEARNING CENTER CALENDER

### JUNE 2015

- Echocardiography Fellowship Program

### JULY 2015

- Basic ECG Learning
- Pediatric Echocardiography

### JULY 2015

- ECG-Echo-TMT Technicians Course
- Cath Lab Technicians Course
- Dialysis Technicians Course
- Respiratory & Sleep Medicine Technicians Course
- Medical Transcriptionist Course
- Medical Laboratory Technology (MLT) Technicians Course
- Central Sterile Supply Department (CSSD) Technicians Course
- Infection Prevention & Control Technicians Course
- Medical Record Department (MRD) Management

### AUGUST 2015

- Acute Coronary Syndrome (ACS) Management
- Indian Diploma in Critical Care Nursing (IDCCN)

### SEPTEMBER 2015

- Advance Echocardiography Training Course
- Use of IT and Electronics in Healthcare Web Based Practice of Medicine
- Echocardiography Fellowship Program
- Structural Heart Disease

### OCTOBER 2015

- Peripheral Vascular Diseases, Stroke Management & Venous Diseases

### NOVEMBER 2015

- Cardiac Pharmacology
- Echocardiography Fellowship Program

### DECEMBER 2015

- Advanced ECG Learning Course

## CIMS LEARNING CENTER CALENDER

### JANUARY 2016

- Cardiovascular Surgery & Heart Failure Symposia
- Indian Diploma in Critical Care Medicine (IDCCM)
- Post MBBS Certificate Course in Critical Care
- Advance Echocardiography Training Course
- Use of IT and Electronics in Healthcare Web Based Practice of Medicine

### JANUARY: MEGA EVENT JIC 2016 (Jan 8-10, 2016)

### FEBRUARY 2016

- Clinical - Cardiology and Critical Care Refresher Course

### MARCH 2016

- To be announced

### APRIL 2016

- To be announced

### MAY 2016

- To be announced

CIMS Learning Center  
shortly launches

## Echocardiography Fellowship Program-Certification Course

**Course Directors** : Dr. Satya Gupta / Dr. Vineet Sankhla / Dr. Milan Chag  
**Duration** : One Week (Monday to Saturday)  
**Number of Seats** : 10  
**Venue** : CIMS Auditorium

### Program Overview:

Sights and Sounds of Echocardiography at CIMS Hospital is a premier education course for echocardiologists, fellows in training, and physicians in clinical practice. Over the past few years, we have trained and taught more than 1000 candidates. This unique program is intended for those who want to learn echo right from basics. Overall program includes lectures on basic of echocardiography, theoretical and practical aspects of ischemic, valvular and congenital heart disease in relation to echocardiography and hands on supervised training. This is the star educational program of the CIMS hospital and has been appreciated worldwide.

### Unique Features:

- l 6 days extensive teaching of echocardiography
- l Easy access to faculty members
- l Supervised hands on practice
- l Provision of course materials (Textbook of Echocardiography)

### Schedule of Echocardiography Fellowship 2015

Sr. No	Month	Start Date	End Date
1	March	09-03-2015	14-03-2015
2	June	22-06-2015	27-06-2015
3	September	21-09-2015	26-09-2015
4	November	23-11-2015	28-11-2015

**Registration Fees** : ₹ 25,000/- (Up to one month before course date)

**Registration Fees** : ₹ 30,000/- (Within 30 days before course date)

**Spot Registration Fees** : ₹ 35,000/-

\* Hotel Registration: Separate

> Certificate of attendance will be given at the end of the course

## Basic ECG Learning-Certification Course

**Course Directors :** Dr. Vineet Sankhla / Dr. Ajay Naik / Dr. Vipul Kapoor / Dr. Tejas V. Patel

**Date :** July 5, 2015 (Sunday)

**Duration :** 1 day

**Number of Seats :** 50

**Venue :** CIMS Auditorium

### Program Overview:

It is important to have a sound knowledge and correct interpretation of 12 lead ECG to help in diagnosis and management of medical patients. This necessitates that not only specialists, but also other healthcare professionals like General practitioners, Interns, Post graduate students, Nurses and Paramedical staff should have basic understanding of ECG for timely diagnosis. The Basic ECG course has been designed to provide understanding on basic concepts of 12 lead ECG which will be very useful in treating ischemic and rhythm disorders of heart.

### Program Highlights:

- Interpretation of basic ECG
- Conduction defects
- Chamber hypertrophy & enlargement
- Evaluation of tachycardia and bradycardia
- ECG interpretation of ischemic heart disease

**Registration Fees :** ₹ 1,000/- (Up to one month before course date)

**Registration Fees :** ₹ 1,500/- (Within 30 days before course date)

**Spot Registration Fees :** ₹ 2,000/-

## Pediatric Echocardiography-Certification Course

**Course Directors :** Dr. Kashyap Sheth / Dr. Shaunak Shah / Dr. Divyesh Sadadiwala  
Dr. Milan Chag / Dr. Amit Chitaliya / Dr. Snehal Patel

**Date :** July 26, 2015

**Duration :** 1 day

**Number of seats :** 50

**Venue :** CIMS Auditorium

### Program Overview:

This course aims to provide basics understanding of pediatric echocardiography and imaging of congenital heart disease.

### Program Highlights:

- Basic understanding of ultrasound & echocardiography
- Echocardiography in ICU setting "functional echo"
- Echocardiography in common CHDs
- Approach to neonatal CHDs

**Registration Fees :** ₹ 1,000/- (Up to one month before course date)

**Registration Fees :** ₹ 1,500/- (Within 30 days before course date)

**Spot Registration Fees :** ₹ 2,000/-

> Certificate of attendance will be given at the end of the course

## Acute Coronary Syndrome (ACS) Management-Certification Course

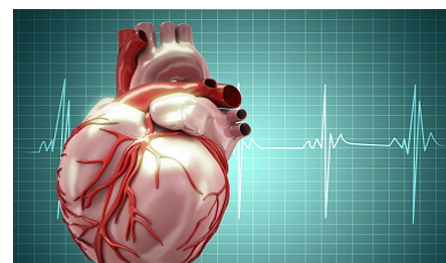

**Course Directors :** Dr. Hemang Baxi / Dr. Urmil Shah  
 Dr. Jayaram Prajapati / Dr. Keyur Parikh  
**Date :** August 3, 2015  
**Duration :** 1 day  
**Number of seats :** 100  
**Venue :** CIMS Auditorium

**Program Overview:**

This seminar will give an opportunity to review your knowledge of acute coronary syndromes and advance your general understanding, learn how to handle acute coronary syndromes cases effectively. The program will be highly interactive and will provide an in-depth opportunity to familiarise themselves with a range of acute coronary syndromes and their management.

**Program Highlights:**

- Overview of acute coronary syndrome
- Diagnosis and risk stratification (comprehensive risk score)
- Treatment of NSTEMI
- Treatment of STEMI
- Drip & Ship - what every physicians should know
- Recent advances in catheter based therapy in ACS
- Discharge planning and secondary preventions
- Evidence based practice recommendations
- Detailed pharmacology of entire ACS spectrum
- STEMI magical period of intervention according to american, european and other worldwide studies
- Acute Vs. subacute management of NSTEMI -ACS according to TIMI and european studies when and how?
- Role of antithrombotic agents and combinations in STEMI and NSTEMI-ACS with advantages and disadvantages

<b>Registration Fees</b>	: ₹ 1,000/- (Up to one month before course date)
<b>Registration Fees</b>	: ₹ 1,500/- (Within 30 days before course date)
<b>Spot Registration Fees</b>	: ₹ 2,000/-

> Certificate of attendance will be given at the end of the course

## Advanced Echocardiography Training-Certification Course

**Course Directors :** Prof. Navin Nanda (USA) / Dr. Satya Gupta / Dr. Vineet Sankhla  
**Date :** September 2-3, 2015 & January 6-7, 2016  
**Duration :** 2 days  
**Number of seats :** 25  
**Venue :** CIMS Auditorium

### Program Overview:

The advanced echocardiography workshop is aimed at cardiologists, physicians and cardiac technicians with existing experience in echocardiography. The workshop will cover a wide range of lectures and live case demonstration of advanced echocardiography techniques keeping abreast with advances in modern cardiac ultrasound.

### Program Highlights:

- Contrast echocardiography
- Stress echocardiography
- Strains & strain imaging echocardiography
- Trans esophageal echocardiography
- 3-D echocardiography

**\* Prof. Navin Nanda "Father of Echocardiography" will direct this course.**

<b>Registration Fees</b>	: ₹ 25,000/- (Up to one month before course date)
<b>Registration Fees</b>	: ₹ 30,000/- (Within 30 days before course date)
<b>Spot Registration Fees</b>	: ₹ 35,000/-

\* Hotel Registration: Separate

> Certificate of attendance will be given at the end of the course

## Use of IT and Electronics in Healthcare Web Based Practice of Medicine-Certification Course

**Course Directors :** Dr. Keyur Parikh / Dr. Vineet Sankhla  
 Dr. Dhaval Naik / Dr. Anish Chandarana  
**Date :** September 6, 2015 / January 2016 (Tentative)  
**Duration :** Three quarter day  
**Number of seats :** 100  
**Venue :** CIMS Auditorium

**Program Overview:**

To educate and provide high-quality evidence-based medical care to patients, our health system and our physicians must keep up with the latest knowledge and skills. Continuing professional development initiatives using conventional and innovative electronic information technologies to meet physicians' educational needs and translate exemplars of care into routine health practices this program aims to educate medical professionals about various availability of electronic gadgets and applications that can help to change their clinical practice.

**Program Highlights:**

- Mobile apps for health care professionals
- The smart phone in medicines : Reviews of current and potential use among physicians
- Know your apps: An approach to search an apps which can change for clinical practice
- Future trends for mobile devices and apps in health care

**For Doctors & Non Doctors Managers**

- Use of wearable devices
- Use of database
- What is MIS?

<b>Registration Fees</b>	<b>: ₹ 1,000/- (Up to one month before course date)</b>
<b>Registration Fees</b>	<b>: ₹ 1,500/- (Within 30 days before course date)</b>
<b>Spot Registration Fees</b>	<b>: ₹ 2,000/-</b>

\* Hotel Registration: Separate

> Certificate of attendance will be given at the end of the course

## Structural Heart Disease-Certification Course

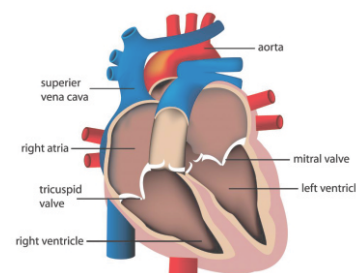

**Course Directors :** Dr. Milan Chag / Dr. Urmil Shah / Dr. Dhaval Naik / Dr. Shaunak Shah  
**Date :** September 26-27, 2015  
**Duration :** One and a half day  
**Number of seats :** 50  
**Venue :** CIMS Auditorium

### Program Overview:

The structural heart disease program is aimed to focus and discuss newer advances in the field of structural heart diseases and to evolve a systematic approach to handle these problems.

### Program Highlights:

- Clinical & hemodynamic assessment
- Evaluation & management of various valvular heart diseases
- Evaluation of hypertrophic cardiomyopathy & its management
- Recommendations for management of prosthetic heart valves
- Pregnancy & valvular heart disease
- Adult congenital heart diseases (clinical issues & management: Device/Surgery)

<b>Registration Fees</b>	: ₹ 1,000/- (Up to one month before course date)
<b>Registration Fees</b>	: ₹ 1,500/- (Within 30 days before course date)
<b>Spot Registration Fees</b>	: ₹ 2,000/-

\* Hotel Registration: Separate

> Certificate of attendance will be given at the end of the course

## Peripheral Vascular Diseases, Stroke Management &amp; Venous Diseases-Certification Course

**Course Directors :** Dr. Anish Chandarana / Dr. Satya Gupta / Dr. Vineet Sankhla  
Dr. Vipul Kapoor / Dr. Tejas V. Patel / Dr. Ashit Jain (USA)

**Date :** October 4, 2015

**Duration :** 1 Day

**Number of seats :** 50

**Venue :** CIMS Auditorium

### Program Overview:

This course is designed to enhance knowledge and understanding of PVD and Stroke Management. Program would discuss the pathophysiology and natural history of peripheral vascular disease along with various diagnostic and modalities. Differentiate between the option for surgical and catheter based treatment for iliac, renal, power eternity, brachiocephalic, artery-carotid diseases. Appropriate selection of cases for interventional and surgical treatment of PVD.

### Program Highlights:

- Peripheral arterial and venous anatomy
- Risk factors for PVD
- Acute critical limb ischemia
- Aortoiliac and femoropopliteal disease
- Infra popliteal peripheral artery disease
- Carotid and vertebral artery disease & intervention
- Evaluation of mesenteric ischemia and renal artery stenosis
- Appropriate medical therapies for different types of peripheral vascular diseases
- Thrombosis: treatment across spectrum of thromboembolism disease
- Evaluation, management, prevention of venous disease, venous thromboembolism

**Registration Fees :** ₹ 1,000/- (Up to one month before course date)

**Registration Fees :** ₹ 1,500/- (Within 30 days before course date)

**Spot Registration Fees :** ₹ 2,000/-

> Certificate of attendance will be given at the end of the course

## Cardiac Pharmacology-Certification Course

**Course Directors :** Dr. Urmil Shah / Dr. Satya Gupta / Dr. Vineet Sankhla  
Dr. Vipul Kapoor / Dr. Tejas V. Patel

**Date :** November 8, 2015

**Duration :** 1 Day

**Number of seats :** 50

**Venue :** CIMS Auditorium

### Program Overview:

This course gives an overview of the pharmacological agents commonly used in the diagnosis and treatment of cardiovascular disease. Brief treatment will also be given to non-cardiac medications used in cardiac patients and their potential interactions. Candidates will learn how the various drugs act, are classified, and employed in stable patients and those undergoing emergency procedures, electrophysiological studies, catheterization, and other diagnostic studies. Special emphasis would be on commonly used emergency cardiac medicines and their adequate uses. Drug classes examined include thrombolytic, anticoagulant, antiarrhythmic, antianginal, antihypertensive, diuretic, lipid lowering and anti-arrhythmic drugs.

### Program Highlights:

- All about antiplatelets and anticoagulants
- Pharmacologic invasive therapy for STEMI
- B-blockers & ACEI-Which one to choose?
- Cholesterol lowering agents - Which one is best?
- Antihypertensive agents
- Pharmacological of heart failure
- Life saving drugs (Dopamine, dobutamine, noradrenaline)
- Use of antiarrhythmic drugs
- Nuts and bolts of cardiovascular pharmacology
- Top 10 dietary supplements you need to know
- Point of care applications to guide pharmacotherapy
- Anticoagulation: To INR or not to INR
- Anticoagulation cases
- Polypharmacy in cardiovascular disease – how to impact compliance
- Top 10 drug/drug interactions
- New oral anticoagulants for atrial fibrillation: controversies in drug selection, complications and cardioversion
- NOACs are going to replace Warfarin as anticoagulant treatment of choice for NVAF

**Registration Fees :** ₹ 1,000/- (Up to one month before course date)

**Registration Fees :** ₹ 1,500/- (Within 30 days before course date)

**Spot Registration Fees :** ₹ 2,000/-

> Certificate of attendance will be given at the end of the course

## Advanced ECG Learning-Certification Course

**Course Directors :** Dr. Ajay Naik / Dr. Vineet Sankhla / Dr. Vipul Kapoor / Dr. Jayaram Prajapati  
**Date :** December 13, 2015 (Sunday)  
**Duration :** Half Day  
**Number of seats :** 50  
**Venue :** CIMS Auditorium

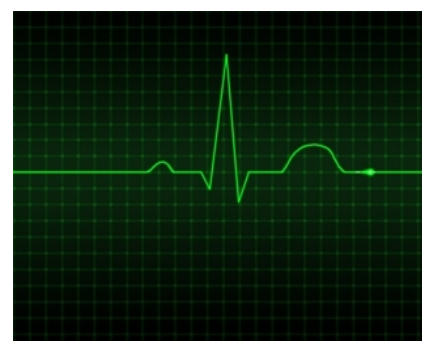

**Program Overview:**

Advanced ECG course is designed for practicing physicians having basic knowledge of ECG. This program cover a wide range of ECG lectures and tips to identify various type of simple & complex arrhythmias and rare ECG abnormalities.

The aim of this course is to present complex various ECG diagnosis pattern in simple and easy to understand manner.

**Program Highlights:**

- Supraventricular arrhythmias: diagnosis & mangement
- Ventricular arrhythmias: diagnosis & mangement
- Pharmacotherapy in arrhythmia mangement
- Evaluation of syncope
- EP study and RF ablation
- Disorders of sinus node and atrioventricular conduction
- Device therapy (Pacemakers / ICD / CRT)
- Atrial fibrillation: rhythm and rate control (Pharmacologic & Non-Pharmacologic)

**Registration Fees** : ₹ 1,000/- (Up to one month before course date)

**Registration Fees** : ₹ 1,500/- (Within 30 days before course date)

**Spot Registration Fees** : ₹ 2,000/-

> Certificate of attendance will be given at the end of the course

## Cardiovascular Surgery & Heart Failure Symposia-Certification Course

**Course Directors :** Dr. Dhiren Shah / Dr. Dhaval Naik  
 Dr. Shaunak Shah / Dr. Manan Desai  
**Faculty :** Dr. K. R. Balakrishnan (Chennai) / Prof. Blase Carabello (USA)  
**Date :** January 9-10, 2016 (JIC 2016)  
**Duration :** 2 days (With Live Case Demonstration/Wet Laboratory)  
**Number of seats :** 150  
**Venue :** CIMS Auditorium

### Program Overview:

Recent advances in the field of cardiac surgery in use of ECHO, LVAD, Heart Failure, Mitral Repair, Ventricular assist devices with detailed A-Z heart failure and its surgical approach.

### Program Highlights:

- Management of ischaemic (surgical/medical) dilated cardiomyopathy
- Management of valvular (surgical/medical) dilated cardiomyopathy
- Heart transplant programme in India - the way ahead
- Future of LVAD in India
- LVAD- How to screen the patient and initiate
- Medical management of dilated cardiomyopathy
- Heart failure clinics - need of an hour
- Epidemiology, risk factors, and comorbidities
- Basic mechanisms and pathophysiology of heart failure
- Clinical assessment (prognosis, functional capacity, quality of life)
- Hemodynamic assessment
- Cardiomyopathies
- Hypertrophic cardiomyopathy
- Myocarditis
- Coronary artery disease and heart failure
- Medical therapy for chronic heart failure
- Acute decompensated heart failure and cardiorenal syndrome
- Heart failure with preserved ejection fraction
- Advanced therapies: transplantation, ventricular assist devices, & surgical management
- Palliative care in end-stage heart disease
- Home care in heart failure
- Overview of devices in heart failure

**Registration Fees :** ₹ 3,000/-

> Certificate of attendance will be given at the end of the course

## Indian Diploma in Critical Care Medicine (IDCCM) - Certification Course

Course Director	: Dr. Harshal Thaker
Course start date	: January 2016
Duration	: Diploma: 2 years / Degree: 1 Year / DNB: 1 Year
Number of Seats	: 2
Venue	: CIMS Hospital

**Program Overview:**

Indian Society of Critical Care Medicine (ISCCM) was established on 9th October, 1993, in Mumbai, India. It is the largest non-profit association of Indian Physicians, Nurses, Physiotherapists and other allied health care professionals involved in the care of the critically ill. ISCCM which was started with a small group of consultants, from Mumbai, is now having membership of 5019, comprising of 44 city branches all across the India with headquarter at Mumbai. ISCCM is committed for the promotion and advances of intensive care as a specialty in India by facilitating education and training of physicians and nurses, setting best practice standards for the care of critically ill patients and their families and promoting research. The ultimate aim is to raise the level of critical care practice in the country and to develop future leaders in the field of critical care. IDCCM is one of the courses run by ISCCM.

**Program Highlights:**

- Candidates need to apply directly to the recognized institute of their choice. Selection will be done by the ISCCM recognized teacher of the respective institute based on candidate's eligibility which should be confirmed by the individual teachers & institutes.

The selection process may vary institute to institute, it is at the sole discretion of Teacher and institution. ISCCM is not involved in selection process directly or indirectly.

Candidates will be paid a salary/stipend as per the rules of the institute where they are appointed.

**Who Can Apply:**

- Diploma: Anaesthesia, TB & Chest
- Degree: Medicine, Anaesthesia, TB & Chest
- DNB: Medicine, Anaesthesia, TB & Chest

> Certificate of attendance will be given at the end of the course

## Post MBBS Certificate Course in Critical Care -Certification Course

Course Director	: Dr. Harshal Thaker
Course start date	: January 2016
Duration	: 2 Years
Number of Seats	: 2
Eligibility	: MBBS
Venue	: CIMS Hospital

### Program Overview:

Critical care is an upcoming speciality and presently has a huge shortage of trained dedicated manpower. MBBS doctors are a major workforce in ICU teams. This course has been proposed to impart structured critical care training to MBBS doctors to improve patient management skills.

### Program Highlights:

- Exit exam will be conducted at the completion of two years of training and will comprise of theory exam of 100 MCQ's. Practical exam to be given by only those candidates who pass theory exam. Practical exam will comprise of 2 cases (history taking, examination & documentation), 3 tables (1. Basics of ABG, ECG, Drugs, Radiology, 2. ACLS, 3. Airway & Basics of ventilation).
- Successful candidates will be given certificate of completion of Critical Care certificate course and can proceed to do IDCCM if they wish. They will be considered on par with Diploma candidates and should pursue IDCCM training for two years.

### Who Can Apply:

- MBBS or equivalent with valid MCI registration.

> Certificate of attendance will be given at the end of the course

## Clinical Cardiology and Critical Care Refresher-Certification Course

**Course Directors :** Dr. Milan Chag / Dr. Keyur Parikh  
Dr. Bhagyesh Shah / Dr. Vipul Thakkar

**Date :** February 1-6, 2016

**Duration :** 1 Week (Monday to Saturday)

**Number of seats :** 5 (Very Limited)-Highly Interactive

**Venue :** CIMS ICU, CCU, Cathlab, Wards, OPD

## FIRST TIME IN INDIA

## Program Overview:

This program is intended to refresh and enhance the ability of candidates for early recognition, management of common cardiovascular and critically sick patients. They will be exposed to various diagnostic procedures related to cardiology including ECG, Echocardiography, Dobutamine Stress Echo, Holter Monitoring, and Cardiac Radiology. Delegates would have opportunity to see how cardiologist evaluate patient in their daily OPDs and would also be shown Angiography and Angioplasty procedure of these patients. They will be taken to ICU, CCU and Intensive unit during their rounds. They will also have opportunity to handle critically sick patient in emergency department. Refresher lectures will be delivered related to pharmacology, pathophysiology, guidelines and important medical disorder related cardiology and critical care medicine.

## (A) Registration Fees without Hotel Accommodation

Registration Fees	: ₹ 25,000/-**
Registration Fees	: ₹ 30,000/-***
Spot Registration Fees	: ₹ 35,000/-*

\* Includes Breakfast/Lunch      \*\* (Up to one month before course date)

\* Hotel stay will be separate.      \*\*\* (Within 30 days before course date)

## (B) Registration Fees with Hotel Accommodation

1. 3 Star Hotel Accommodation	: ₹ 40,000/- *
2. 4 Star Hotel Accommodation	: ₹ 50,000/-*
3. Spot Registration Fees	: ₹ 55,000/-*

> Certificate of attendance will be given at the end of the course

## ECG-Echo-TMT Technicians Course

Course Director	: Dr. Satya Gupta / Dr. Vineet Sankhla
Course start date	: July 1, 2015
Duration	: 2 years
Number of Seats	: 3/year
Eligibility	: 12 <sup>th</sup> pass
Venue	: CIMS Hospital
Course Fee	: ₹ 20,000/-
Last date for application	: June 25, 2015

### Program Overview:

ECG, Echocardiography and TMT are basic diagnostic tools to investigate cardiac diseases. This training program has been designed to provide understanding on basic concepts of ECG, Echo and TMT to a person who really want to be master in this field.

Overall aim of this program to generate more qualified personnel who have basic understanding of these investigations, can understand limitations and usages of these tools. By completing this program, candidates should be able to perform ECG, Echocardiography and TMT independently.

### Course Content:

As per syllabus

### How To Apply:

Fill the attached application form and send to HR Department well before the last date. Candidates will be called for personal interview 1 week prior to course start date.

> Certificate of attendance will be given at the end of the course

## Cath Lab Technicians Course

Course Director	: Dr. Hemang Baxi
Course start date	: July 1, 2015
Duration	: 2 years
Number of Seats	: 2/year
Eligibility	: 12 <sup>th</sup> pass
Venue	: CIMS Hospital
Course Fee	: ₹ 20,000/-
Last date for application	: June 25, 2015

### Program Overview:

Over all aim of this program is to generate more qualified personnel, to train technician in preparing cardiac catheterization lab and assists during procedures, operates X-ray equipment or monitoring equipment. Scrubs to assist cardiologists.

### Course Content:

As per syllabus

## Dialysis Technicians Course

Course Director	: Dr. Manthan Kansara
Course start date	: July 1, 2015
Duration	: 2 years
Number of Seats	: 1/year
Eligibility	: 12 <sup>th</sup> pass
Venue	: CIMS Hospital
Course Fee	: ₹ 20,000/-

## JANUARY : MEGA EVENT : JIC 2016 (JAN 8-10, 2016)

# 12<sup>th</sup>

## Annual Scientific Symposium

21<sup>st</sup> Year of Academics

# JIC 2016

Joint International Conference

## January 8-10, 2016

JIC is an annual cardiovascular conference attended by over 1900 delegates each year.

To be held in January 8-10 2016 in Ahmedabad and spread over 3 days, the Conference is an unique opportunity for all physicians and cardiovascular professionals to explore new directions in clinical education, devices, co-morbidities and heart failure patient care.

It been specifically designed for physicians who specialize in practicing general medicine, interventional cardiology, vascular surgery, and others. We also have special tracks on critical care/pulmonology, oncology, trauma, and others.

### LEARNING OBJECTIVES

- Use the latest in the field of cardiology and general medicine to impact daily practice.
- Apply knowledge about the safety and efficacy of latest drugs to clinical practice.
- Hear about the latest clinical trials .
- Learn about newer hands-on-techniques and stay updated with clinical practice guidelines.
- Interact with world-wide experts during the interactive sessions.

Leading names from all over the world are a part of our faculty each year who with their clinical expertise are able to infuse newer innovations and practice in our daily care.

JIC is also the perfect platform to create a professional network and interact with industry leaders.
