TRANSPLANT CENTRE

Marengo CIMS Hospital has the most comprehensive Organ Transplant Program in the region with credit of having done numerous transplants. We achieved one of the rare feats of doing the 1st heart transplant surgery in Gujarat. At Marengo CIMS Hospital, all transplant patients are cared in a dedicated Transplant ICUs by a multidisciplinary team of physicians & surgeons, right from preparation, through to the transplant surgery, recovery and post-transplant care.

We have nationally and internationally acclaimed transplant specialists, whose vast breadth of expertise and commitment to providing the best possible healthcare has resulted in an exceptional standing in the field.

All Transplant Services Under One Roof

- ☑ The transplant centre offers a wide range of transplantation services, including procedures related to heart, kidney, liver, lung and paediatric BMT. Our program brings together a distinguished and multidisciplinary team of surgeons, physicians, and other health care professionals. They produce some of the best outcomes in the country, including patient survival, organ acceptance and how quickly a person receives a transplant.

Leader across India in Transplants

Heart Transplant

Liver Transplant

Kidney Transplant

Bone Marrow

Lung Transplant

INSTITUTE OF CANCER CARE

**Institute of Cancer Care is considered to be a
“One Stop Solution for Comprehensive Cancer Care”.**

Through its wide expanse & infrastructure, our **Institute of Cancer Care** is designed to meet the growing cancer care needs across the globe.

At Marengo CIMS Institute of Cancer Care, there is more to cancer care than medications and therapies. As a comprehensive cancer center, we offer support and awareness programs that help our patients deal with the emotional and physical effects of the disease and prepare for a healthier life after treatment.

Marengo Institute of Cancer Care is perhaps India's best cancer care facility equipped with state-of-the-art facilities under one roof and with a vision to provide world-class quality care.
