Price : Rs. 5/-

## CIMS

Care Institute of Medical Sciences

Hello!

CIMS wishes a Happy Diwali and a prosperous New Year. Time flies fast. It just seems like yesterday, that we commenced operations.

Just over two months and we had over 1000 patients already registered at the hospital.

The major departments at CIMS are in full swing including urology, orthopedics, gastro, nephrology, neurology, dentistry, gynecology amongst others.

In this issue, we bring you back the feedback of our esteemed medical colleagues who have performed surgeries at the hospital. We thank them for the immense support provided to the hospital.

We believe that the success of any medical institute rests largely on its energized and motivated medical and para-medical staff. We take our responsibilities to encourage and educate them seriously. A Training program is continuously organized within the hospital to orient our nursing and para-medical staff with the basic and latest advances in medicine.

On October 15, Global Handwashing Day, a training workshop was held to create awareness about the importance of the day.

The month has been hectic with academics in full swing. An Echocardiography Fellowship (October 18-23, 2010) was successfully held this month with majority of the registrants being from out of the city.

"Arrhythmia and HF Education Curriculum - I" Symposium was organized at CIMS Auditorium on November 23-24, 2010.

We once again thank the medical community in providing us support in creating a world class health institute in Gujarat.

Do write to us or communicate on [communications@cims.me](mailto:communications@cims.me)

Thanking you,  
CIMS Team

CIMS is an ergonomically constructed hospital equipped with the latest technology. Infrastructure-wise, the hospital is latest right from the use of space to the latest instruments.

As a surgeon I find the working conditions very satisfactory and would rate it highly for high-risk surgeries with efficient back up for any complications.

**Dr. Digvijay singh Bedi**

**(Laposcopic and Bariatric surgeon)**

CIMS hospital is in a true sense ecofriendly and state-of-the-art hospital.

It was my pleasure to operate in ultramodern

and well equipped operation theaters. My patients were very happy and gave me positive feedback for CIMS. My heartiest congratulations to the founders of CIMS and I wish them all the best.

**Dr Himanshu shah**

**Urologist**

## CARTO<sup>®</sup>3 SYSTEM

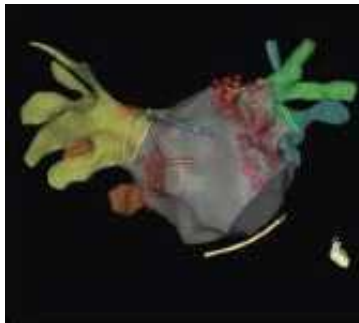

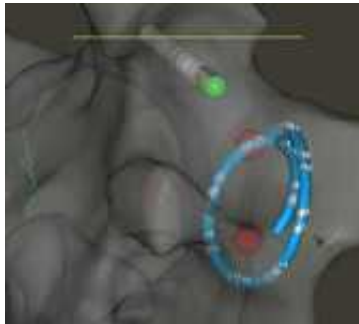

First time in Western India

Care Institute of Medical Sciences  
takes cardiac care commitment to heart

State-of-the-Art Imaging System Offers Enhanced Visualization for Treating Arrhythmia Patients

*The Carto 3-D Mapping system is an invaluable tool and complements the conventional EP system for treatment of complex arrhythmias such as:*

1. Ventricular Tachycardia (VT) that are difficult to tackle due to LV dysfunction, Post MI status, hemodynamic instability and multiple morphologies.
2. Atrial Fibrillation.
3. Atypical and Typical Atrial Flutters, Atrial tachycardia.
4. Complex arrhythmias in patients with complex heart disease (congenital anomalies, RHD, Post CABG etc.)

CIMS is proud to announce that patients can now get the benefits of an unprecedented advanced imaging technology used in treating cardiac arrhythmias.

This three-dimensional imaging system allows our doctors to quickly and accurately visualize cardiac anatomy, and it will be especially useful in the treatment of atrial fibrillation, or AFIB and ventricular tachycardia.

3 patients of post MI, LV dysfunction and VT storm have already been treated by this novel therapy in the past 2 weeks, thus saving their lives.

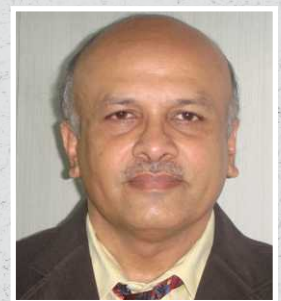

A hospital by doctors unmatched in this part of country providing integrated health care delivery system with value added services. At CIMS, we provide multi-disciplinary capabilities with international standards of clinical care backed by ecofriendly hygienic environment, infection control standards, caring hospital staff and advanced technological update.

Excellent medical care provided by well-known medical fraternity with strong academic and research background and long standing successful result oriented clinical experience is the backbone of this hospital. I assure you of the best outcome at CIMS - make it as your one stop final destination for medical care.

**Dr. Dipak Dave**  
Consultant Orthopedic Surgeon

“if you are hungry for fast track surgical environment, I genuinely recommend green hospital as one.....it was a pleasure working at CIMS”

**Dr Abhilash Chokshi**  
Consultant General and  
Laparoscopic Surgeon  
Specialist in Piles Stapler Surgery

It was a wonderful experience of operating a patient for Laproscopic cholecystectomy at CIMS. Extremely airy, very spacious rooms, bright and green atmosphere makes the hospital unique of its kind with all the latest gadgets like complete Storz laproscopy instruments including HD3 chip camera, chameleon endoscope and Storz hand instruments making our task quite smooth. Co-operative, efficient and helpful staff attracts visiting consultant to CIMS

**Dr. Rashmi Thakkar**  
*GI and Laproscopy surgeon*

My experience with CIMS is flexible and patient friendly. The theatres and theatre staff are upto the mark and responsible about their work. The rooms are extra spacious and full of natural light giving early recovery to patients.

**Dr. Dimple Parekh**  
*Director Joint Replacement Surgery  
Parekhs Hospital*

My Heartiest congratulations to founders of CIMS for coming up with a world class hospital. It's one of the best hospitals of our state as far as aesthetic value and aeration is concerned. It has wonderful operation theatres and efficient and friendly staff. It really is a shining example of the effort put in to come up with up such a marvellous hospital for patient care. I wish them all the best.

**Dr. Rajesh Shukla**  
*Urologist*

## Press Conference at CIMS - MICS (Minimal Invasive Cardiac Surgery)

A press conference was recently held at CIMS to announce the launch of Minimal Invasive Cardiac Surgery (MICS) programme.

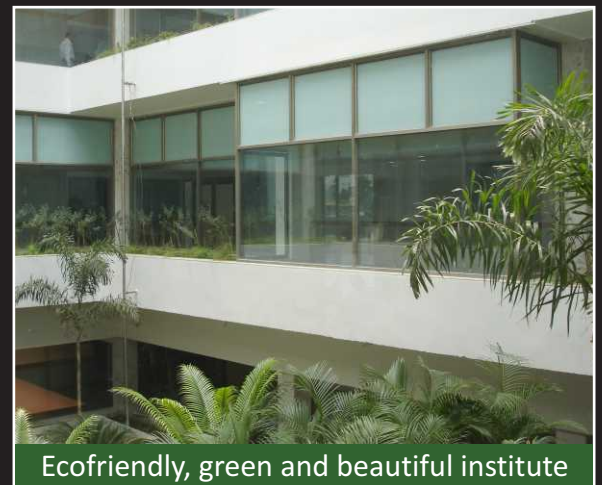

Dr. Dhiren Shah and Dr. Dhaval Naik, Cardiac surgeons, have performed more than 25 Minimal Invasive Cardiac Surgeries. CIMS is the only centre which is fully equipped and set up for this kind of surgery in Western India.

## Perform your surgeries at ease at CIMS

We, at CIMS, have created the perfect surgical conditions for you to perform surgeries with great comfort.

1. Class 100 modular OTs for minimum infection rate
  - 300 K Lux LED lights with SONY high definition cameras in OT's
  - Jointless theatres
  - Antistatic, antibacterial vinyl flooring
  - Antibacterial wall colour
  - Hermatically sealed doors
2. High-end laparoscopy and endoscopy instruments
  - HD system (Storz)
  - HD camera control
  - HD monitors & endoflator
  - Olympus endoscopy system with high definition
    - Gastroscope
    - Colonoscope
    - Duedonoscope
    - Broncho Video scope
  - Neuro Operating Microscope (Moller Wedel) with Stereo-co-observer and camera
  - Traction device with IITV facility in all theaters
3. AO/Stryker drills (Synthes) for total knee replacement & polytrauma.
4. Inbuilt OT cameras for direct relay and transmission of cases in auditorium.
5. Facility for high risk surgery with international standard backup from hospitalists, cardiologist, in-house intensivist and cardiac anasthetist along with availability of your own consultant on request.
6. Excellent OT Staff and paramedical staff.
7. Full time surgeon to take care of all surgical patients and coordinate with them so that surgeons do not have to worry for the patient care.
8. In house intensivist back up for all age from neonatal to octogenarians
9. Add-on services to all surgical patients in the form of dietician, physiotherapist and psychotherapist giving Holistic treatment.
10. Doctor and patient friendly rates
11. Time to time information about the patient condition will be given on phone and SMS.
12. Pickup and drop service for all surgical patients within the city.
13. Best room services and facility for your NRI and executive class patients.
14. Hospital managed by doctors who can understand your and your patient's needs.

Ecofriendly, green and beautiful institute

I could not resist myself from writing a few words of appreciation after working at CIMS hospital in our own Ahmedabad. I am one of those few lucky guys who had the opportunity to work here. It was a wonderful experience by all means. The ambience here is so different that it gives us the feeling of some European hospital. I had a doubt about the instrumentation of Urology in a hospital managed by mainly Cardiologists but I was totally wrong. Total Urological armamentarium at its best was present there.

The wards are really good and the O.T. is even better. The staff is also qualified and experienced.

In short, I would say that a thorough scientific approach with a superb environment with humanitarian support by qualified staff is what the CIMS hospital is about.

**Dr. Ketan Rajyaguru**  
MS, MCh, Urologist

Working at CIMS was a very satisfactory experience. The ambience of the hospital is excellent and boasts of very

good infrastructural and technological facilities. With a very high-quality back-up for complicated surgeries, CIMS is a very safe centre for high-risk surgeries. Also, patient care is of high standards, thus making CIMS a preferred destination to work.

**Dr. Ketan Shukla**  
MS, MCh, Urologist

## CTO workshop by Dr Alfredo Galassi - November 17, 2010

Dr Alfredo Galassi (Italy) is well known operator in the field of Cardiology with specialization in CTO, Complex Bifurcation, Left Main, other challenging coronary artery disease and nuclear medicine.

Coronary chronic total occlusions (CTOs) are commonly encountered complex lesions identified in 15% of all patients referred for coronary angiography.

### Angioplasty for CTO should be helpful in patients having:

- Angina despite full anti-anginal treatment
- In patients with hibernating myocardium
- Prevent further left ventricular remodeling
- In whom the restoration of blood flow can aid in the development and provision of collateral circulation toward the contralateral artery in case of its later occlusion

Please call any of our cardiologists for a FREE consultation and CD review of your patient or call CIMS Hospital for an appointment. After review of Angio CD, suitable patients will be enrolled for the workshop on November 17, 2010

## ગુજરાતમાં સૌ પ્રથમ રજૂ કરે છે

# સીમ્સ - સર્જરી કરવા માટે એક ખૂબ સલામત હોસ્પિટલ

અતિ જોખમી દર્દીઓ કે જેઓ હૃદય, કીડની, મગજ, લીવર અથવા અન્ય મોટી બીમારી ધરાવતાં હોય; તેમને શ્રેષ્ઠ પી અને પોસ્ટ ઓપરેટીવ સારવાર મળવી આવશ્યક છે.

અતિ જોખમી દર્દીઓની સર્જરી પછી થતી મુખ્ય તકલીફો છે : હાર્ટ એટેક, હાર્ટફેલ્યોર અને લકવો. અભ્યાસ અનુસાર આવા કોમ્પ્લિકેશન થવાની શક્યતા ૨ થી ૧૧% હોય છે.

- ૪ મોડ્યુલર, ક્લાસ ૧૦૦ લેમિનાર એરફ્લો ઓપરેશન થીયેટર્સ: સ્પાઈન, જોઈન્ટ રીપ્લેસમેન્ટ, ન્યુરો સર્જરી, કેન્સર સર્જરી તથા અન્ય કોઈ પણ કોમ્પ્લેક્સ સર્જરી માટે.
- યુરોલોજી, ગેસ્ટ્રોએન્ટેરોલોજી અને ગાયનેકોલોજીમાં એન્ડોસ્કોપીક લેપ્રોસ્કોપિક સર્જરી માટે આધુનિક ઉપકરણોથી સજ્જ એક અલગ ઓપરેશન થીયેટર.
- ગેસ્ટ્રોએન્ટેરોલોજી, એન્ડોસ્કોપી અને બ્રાન્કોસ્કોપી માટે અલગ થીયેટર.
- અલગ લેબર રૂમ અને ઓબ્સ્ટેટ્રીક્સ ઓપરેશન થીયેટર.
- ઈમરજન્સી સર્જરી અને પોલીટ્રોમા સર્જરી માટે અલગ ઓપરેશન થીયેટર.

- સંપૂર્ણ સમર્પિત અને અતિ કુશળ કાર્ડિયોલોજિસ્ટ અને ઈન્ટેન્સિવ કાર્ડિયલ ટીમ દ્વારા ૨૪ X ૭ સારવાર
- અતિ આધુનિક ટેકનોલોજીથી સજ્જ આઈ.સી.યુ અને આઈ.સી.સી.યું, ૨૪ X ૭ પેથોલોજી, રેડિયોલોજી અને ડાયાલાયસિસ ની સગવડ.
