CIMS

Care Institute of Medical Sciences

Dear All,

In July 2010, Care Institute of Medical Sciences (CIMS) opened its doors to deliver exemplary health care services.

Spurred on by talent, dedication and excellent technology, CIMS is driven by an unwavering commitment to deliver the best and safest care to its patients at affordable rates.

This newsletter is an attempt to reach out to the medical fraternity and patients informing them about the latest happenings at CIMS including workshops, health fairs, breakthrough cases, etc.

We hope that this publication will serve as a means of interactive communication between CIMS and patients/doctors.

CIMS is set up as a multi-specialty hospital to cater to all patient needs. Backed by a high-end infrastructure, the hospital is a visual delight with green courtyards and atriums.

We once again welcome patients and doctors to the hospital and also invite suggestions and feedback for the same.

Thanking you,
CIMS Team
