Prosthodontics

- Crown and bridge
- Veneers and laminates
- Dentures

Our Area of Expertise

Implants

- Best and ultimate option for single/multiple/all missing teeth.
- Cost effective than bridges & dentures as implants stay in jaw forever
- Artificial teeth that look, feel & work like natural teeth
- Improved quality of life with implants

Cardiac Dentistry

Patients with serious cardiac disease like :

- Valvular heart disease (with ACC/AHA Guidelines).
- Cardiac failure or heart attacks
- Arrhythmias or implanted pacemaker
- Implanted Coronary stents and on antiplatelet/anticoagulant treatment

needs special care for dental treatment

We do all treatment safely for cardiac patients.

PROCEDURES TO THESE PATIENTS ARE DONE UNDER CONTINUOUS CARDIAC/NIBP AND SPO2 MONITORING ON DENTAL CHAIR ONLY. BACKUP SUPPORT OF CARDIOLOGIST/ INTENSIVIST/ PHYSICIAN.

Cosmetic & Aesthetic Dentistry

- Enhancing smile using latest technology
- Smile designing done with planning proper treatments for e.g.
 - ◆ Veneers
 - ◆ Whitening
 - ◆ Recontouring
 - ◆ Correction of shapes
 - ◆ Filling
 - ◆ Closing gaps
 - ◆ Dental jewellery
 - ◆ Correction of overlapping teeth

Dentistry for Cancer Patients

- Dental examination is needed before, during and after cancer therapy.
- Rehabilitating patients by replacing missing teeth / part of jaw
- Radiation Stents
- More beneficial if prosthesis is planned before surgery

CIMS Hospital provides dental family care in a comfortable, modern and relaxed environment.

The state-of-the-art equipped dental area will provide comprehensive dental care at affordable rates. Dental treatment has been revolutionized in recent times in terms of patient comfort (painless), less

operational time, minimum sittings with special emphasis on highest standards of asepsis to eliminate cross infections.

Facilities for all types of radiograph are available in the department
