Neurology is the special branch of medicine that deals with the nervous system - brain, spinal cord, peripheral nerves and muscles.

Neurological disorders may affect to any and all stages of life, from seizures in children to memory impairment in elderly.

We, at CIMS Neurology, offer you the best of care in the field of neurology, by highly qualified neurologists and supported by **state-of-the-art** clinical neurophysiology lab & neuroradiology.

## Services at CIMS

Most of the neurology patients need individualized and special care through a multi disciplinary comprehensive approach.

Besides evaluation and management of the disorder, prevention is also mainstay of neurology care. We focus on risk factor identification and early treatment, across all neurological disorder spectrums.

- Headache and other pain syndromes (migraine)
- Epilepsy (convulsion/seizure)
- Stroke (paralysis)
- Giddiness ( dizziness, vertigo)
- Movement disorders (such as parkinson's disease, essential tremor and dystonia)
- Dementia ( alzheimer's and other)
- Infections of the brain ( meningitis, encephalitis)
- Cerebral palsy and spasticity
- Multiple sclerosis
- Spine disorders ( backache, "slip-disc", radiculopathy, spondylosis)
- Nerve and muscle diseases ( including amyotrophic lateral sclerosis, peripheral neuropathy, myasthenia gravis, muscular dystrophy, myopathies)
- Sleep disorders
- Mental/behavioral health disorders

**ONE OF THE LARGEST NEUROSCIENCE TEAM**  
(NEUROLOGISTS, NEUROSURGEONS, NEUROINTERVENTIONAL  
SPECIALISTS, RADIATION ONCOLOGISTS,  
NEURORADIOLOGISTS AND OTHER SUPPORT TEAM MEMBERS)

- Dedicated Stroke Unit & Neuro ICU
- Epilepsy Clinic
- Brain & Spine Surgery
- Brain & Spine Tumors (Neurooncology)
- Brain & Spine Injury (Neurotrauma)
- Paediatric Neurology
- Interventional Neuroradiology
- Neurocritical Care

- Neurorehabilitation
- Neuroanaesthesia

## FACILITIES

Only Private Hospital  
in Gujarat  
with **2 Advanced CT Scans**

- MRI Signa Explorer (One of the First in India) with  
Advanced Neuro Imaging Silent Scan

## STROKE UNIT

At CIMS, we have a dedicated **24X7 functioning Stroke Unit**; one of the most advanced centre in Ahmedabad, for diagnosis, management, prevention and research of stroke and cerebro-vascular disorders. The focus is early recognition, speed of treatment and cutting-edge treatment advances.

From the time a patient arrives in an ambulance, our team starts the evaluation protocol to initiate treatment, as early as possible. **TIME IS BRAIN**. We also offer advance mechanical thrombectomy and other endovascular technique options, in addition to clot dissolving drugs.
