When do you need to see a Rheumatologist ?

- If you are suffering from joint pain for more than 6 weeks
- If you have noticed swelling in your joints
- If you have stiffness in your joints lasting more than 30 minutes
- If you are experiencing chronic low backache / neck pain
- If you require frequent pain-killer medicines for joint problems
- If your uric acid levels are high & you suffer from painful arthritis
- If you have skin rashes which increase on sun-exposure
